

testimonial

"On behalf of Kier Group and the team at Brannel School, we would like to thank Klick for their efforts and performance on the installation of the fitted furniture package. A combination of helpful backroom staff and on site workers ensured an efficient completion of works. In particular I would like to thank the Klick site manager and his team for continuously overcoming site conditions and effective problem solving on site.

We would have no hesitation using Klick on future work."

Karl Martin – Site Manager, Kier Western, Brannel School, St Austell, Cornwall

Brannel School, St Austell, Cornwall

- > Pre-installation survey
- > Close liaison with M & E contractors
- > Manufacture of furniture
- > Delivery and distribution of furniture on site
- > Installation of all fitted furniture

Klick Technology were successful in winning the fitted furniture contract for the new high tech £17.5m Brannel School in January 2011. There was a tight schedule to manufacture the furniture and only 7 weeks allocated for installation on site.

The brief was to develop light, neutral furniture. Accent colours would come from stools and feature walls. Velstone worksurfaces were selected for the science labs, food tech, D & T and art rooms.

Our dedicated site manager coordinated all deliveries on site with the main contractor to ensure the optimum programming of works. Modifications were made to suit site conditions and all work was completed to schedule for the opening in May.
